Learning About the

Pennsylvania Association of Public Employee Retirement Systems

PO Box 61543

Harrisburg, PA 17106-1543

Revised 2/2015

The mission of the Pennsylvania Association of Public Employee Retirement Systems (PAPERS)

is to encourage and facilitate the education of its membership in all matters related to their duties as fiduciaries overseeing the assets of the pension funds with which they have been entrusted.

The primary purpose of PAPERS is to offer educational conferences and training opportunities that provide the basis for improved financial and operational performance of the public employee retirement systems in the State.

PAPERS will function as a central resource for educational purposes and act as a networking agent for all public plan staff and board members.

Educational Opportunities

The annual PAPERS Forum, held each spring for two days in Harrisburg, brings together up to 200 persons working in PA's public pension plans. These Forums feature outstanding state and national pension experts speaking in numerous seminars. PAPERS also has a Fall Workshop in other PA locations to share similar retirement information. A current pension plan or corporate membership is required for conference attendance.

PAPERS publishes a newsletter on pertinent pension topics. Many issues feature articles written by nationally recognized investment and pension experts.

PAPERS History

PAPERS was founded in 2005 and has grown to a diverse group of Participating Members representing over \$90 billion in pension fund assets and serving over half a million members.
